EXECUTIVE SUMMARY

Head of Operations at Northwind Health, owning the operational plan for eleven clinics and reporting delivery, cost and quality to the executive team monthly. Partners with finance on the annual budget and monthly variance across a £14m cost base; built the first operational reporting pack in SQL and Power BI.

WORK EXPERIENCE

Head of Operations · Northwind Health · Apr 2021 - Present

Healthcare | Regulated services

- **Operational planning and executive reporting ·** Own the operational plan for eleven community clinics, reporting delivery, cost and quality to the executive team every month.
- **Rostering and agency spend ·** Rebuilt rostering around a single demand model, cutting agency spend by 22% in the first year.
- **Budget and variance with finance ·** Partner with finance on the annual budget and monthly variance across a £14m cost base.
- **Team leadership and supplier performance ·** Lead four operations managers and a scheduling team of eighteen through a weekly performance review against published measures; introduced a supplier scorecard for the eight largest contracts, reviewed quarterly against agreed service levels.

Operations Manager · Northwind Health · Jan 2018 - Mar 2021

Healthcare | Regulated services

- **SQL and Power BI reporting ·** Built the first operational reporting pack in SQL and Power BI, replacing a manual month-end spreadsheet, while running day-to-day operations for four clinics and owning the rota, patient flow and site budget.
